GENERAL BLISS STATES OBJECT OF THE PATROL

Says That It's Purpose on the Border Is Merely to Support the Civil Authorities

FEDERALS FIRE FROM NORTH SIDE OF LINE

Commander Refuses to Allow Capt, Babcock, Officer of Patrol at Calexico to Make Arrests

SAN DIEGO, March 16.-Genera Bliss, in command of the provision at brigade of the army occuying the field between the Colorado river and the Pacific ocean on the Mexican border, defined tonight the status of the army, with relato the armed forces on either of the border, as one simply is support of the civil authorities of

the United States. The question came up from Captain Babcock, in command of the forces on patrol duty at Calexico. Mexican customs officials crossed the international boundary line into the United States and while north of the line returned the fire of insurrectos on the Mexican side of the line. Captain Babcock askedaethority to arrest the Mexican customs officials for violation of the

neutrality laws. Gen. Bliss ordered him to take no action whatever.

CALEXICO, March 16.-Mexican of hetals who have almost continually, been complaining and protesting against the alleged violation of neuirb'ily on the part of insurrector, themselves are placed on the auxlous west as the result of customs officials having fired upon rebels at Algadones, while, it is claimed, they occupied positions on United States soil, at Andrade, an American town opposite Algadones.

it is considered here that the facts clearly places them within the ons of Section 12, of the revised statutes of the criminal code. which punishes with a \$3,000 fine or three years imprisonment on any one who sets foot on or aids in organizing on American territory any armed expedition for belligerent pur-

The three customs officials who are alleged to have taken part in the affair are Refugio Contreras Francisco Lopez, and Manuel Paez. They returned to Calexico today and said they have been armed at Andrade by Enrique Calderon, Calderan is the Mexican supervising inspector of customs, now stationed
